

RILEY KONSELLA

885 Herkimer St, Apt #2
Brooklyn, NY 11233
(720) 560-1440
rwkonsella@gmail.com

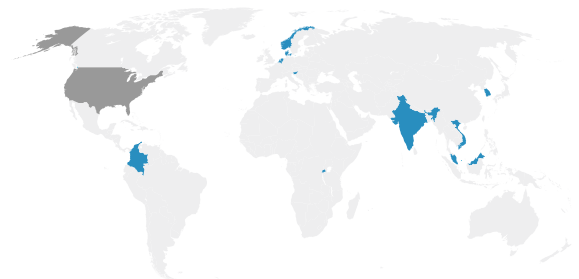

BIOGRAPHY

I'm a 23-year old computer engineering graduate with a diverse background of interests. My engineering background means I think big-picture, I consider constraints and trade-offs, and I'm able to solve problems with code where appropriate. I have unique and valuable experience from a research fellowship, writing for newspapers abroad, and starting a company.

THOMAS J. WATSON FELLOWSHIP

I was awarded a \$30,000 grant for a year of independent travel and exploration of a personal interest. I designed a project about unique and innovative transportation systems that taught me adaptability, problem-solving, and independence.

EDUCATION AND PROJECTS

- **BACHELOR OF SCIENCE**
Union College, Schenectady, NY | Class of '17

Major in Computer Engineering plus a minor in Astronomy
- **SENIOR PROJECT, TENSEGRITY**
Union College C.S. Dept | Mar '16 - Jun '17

Designed and built struts used to create a vibrating, soft robot called a tensegrity for a professor's research
- **PRODUCT TEAM INTERN**
EVO Snap* | Jun '16 - Sept '16

Developed front end of a payment application using AngularJS, given authority to make high-level structure and UI decisions
- **ELECTRONICS TEAM LEAD**
Union College SAE Aero Micro | Oct '14 - May '16

Co-captained team of 16 students designing and building remote-controlled plane for competition, placed 7th of 16 teams

BUSINESS AND OTHER EXPERIENCE

- **CO-FOUNDER**
Cashmere from Kashmir (cfromk.com) | Sept '18 ->

C from K is an importer and wholesaler of textiles, primarily cashmere from the Indian region of Kashmir. We have established a retail presence in small boutiques across the US and are enjoying learning about an industry through an interesting but low-effort side hustle.
- **SCIENCE AND TECHNOLOGY EDITOR**
Union Concordeensis | Sept '16 - Mar '17

Managed a collection of 30+ writers, edited and formatted content on sci/tech news, contributed as a writer weekly
- **LAB TEACHING ASSISTANT**
Union College C.S. Dept | Jan '17 - Mar '17

Joined a professor in teaching lab sections of 200-level computer science course on the lowest levels of computer architecture
